This map is not a survey of the actual boundary of any property the map depicts.

**HARVEST SPECIFICATIONS**

**Single Tree Selection/Group Selection:** Cut all trees marked with orange paint and all aspen, ironwood, and balsam fir greater than 2" DBH. Leave all standing dead snags and den trees when safe to do so. Do not cut any pine, white cedar, elm, or red oak. Sale boundaries are either marked with red paint, blue paint, end at steep cliff drop-offs, or border aspen stands and open marshland. Retain all trees along the North Country Trail marked with a blue blaze and minimize crossings over the trail. Do not fell trees in or create skid trails in wet areas or across the blue property line.

All slash will be evenly dispersed throughout sale area. No slash shall be left across sale boundaries. Leave unmerchantable logs where they're cut to remain as coarse woody debris (ex: large diameter, hollow or rotten logs with no value).
