Iron County Forest
Across the Beaver Pond Timber Sale # _____, Tract #16-20
T45N R01W Sec 9&10. Town of Anderson, Iron County

This map is not a survey of the actual boundary of any property the map depicts.

HARVEST SPECIFICATIONS

Single Tree Selection/Group Selection: Cut all trees marked with orange paint and all aspen, ironwood, and balsam fir greater than 2" DBH. Leave all standing dead snags and den trees when safe to do so. Do not cut any pine, white cedar, elm, or red oak. Areas of concentrated ironwood trees that are sub-merchantable should be driven over to crush the stems to reduce the chance of them re-sprouting.

Utilize sawlogs to a 10" top diameter and pulpwood to a 4" top diameter. Sale boundaries are either marked with red paint, blue paint, end at steep cliff drop-offs, or border aspen stands and open marshland. Strictly follow all Wisconsin BMPs for water quality. Ensure soil is adequately dry or frozen when operating. Retain all trees along the North Country Trail marked with a blue blaze and minimize crossings over the trail. Do not fell trees in or create skid trails in wet areas or across the blue property line.

All slash will be evenly dispersed throughout sale area. No slash shall be left across sale boundaries. Leave unmerchantable logs where they're cut to remain as coarse woody debris (ex: large diameter, hollow or rotten logs with no value). All woods roads that are used for this sale will be back bladed upon sale completion. Iron County Forestry will install a bridge over Gold Mine Creek summer 2021. **No harvesting between April 1 and July 1! Harvest on dry or frozen ground only!**
